Kleiber.
form the curve.

Kleiber's organic curve are extremely comfortable and supports your back ergonomically. The lightweight frame itself forms a perfect solution for today working environment where mobility is crucial.

Kleiber Task

The adjustable armrests allow you to rest your arms in the position which suits you the best and promotes better sitting position.

User's weight can easily be supported with the functional cantilever seat support plate.

A touch of minimalism.

The benefit of Kleiber's versatility come to the idea when rooms are to be used for various purposes or space limitations apply. It is most suitable for seminar, training rooms and meeting events.

On top of that, it is stackable and as an optional add-on, Kleiber provides a writing tablet which can be easily flip-store.

Constructed of heavy duty steel tube, this purpose designed trolley for the Kleiber range of chairs makes storage easy.

Will allow 8 Kleiber chairs to stack and can be rolled away for storage.

A book tray allows easy storage of books underneath the chair.

Waiting and Reception.

Waiting is something that will not vanish from our time schedule. By choosing the right furniture can determine whether waiting is considered as a pleasant break or an imposition. Kleiber offers a simple design model for transit, foyer and lounge areas.

Kleiber *Flex*

Kleiber Flex is extremely comfortable and supports your back ergonomically. With its add-on writing tablet, folding and nesting capability, Kleiber Flex is ideal to be used for various purposes and it is especially perfect in coping with space constraints issue. It is most suitable for seminar, training rooms and meeting events.

Front studs (optional) promote better stationary position of the chair.
Tilt the chair backwards on its castors in order to move the chair freely.
