Design Team
Albott Design Studio

The All-New SYSTEM 288 features a deck based modular furniture that creates individual spaces and storage facilities. The deck is the fundamental element for cabinets, tables, screens, cabling and keeps everything within reach.

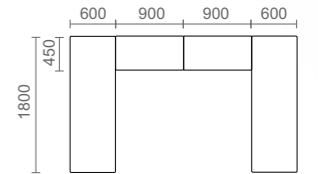

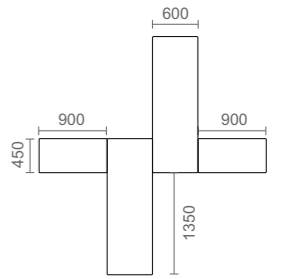

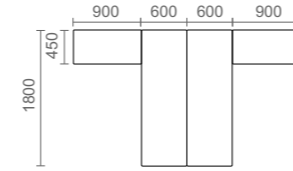

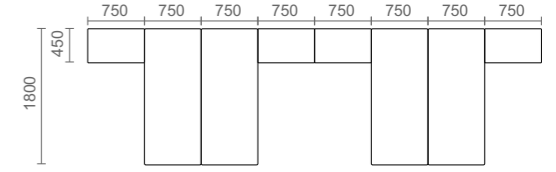

System 288 is a deck system that creates a platform 288 mm off the floor.

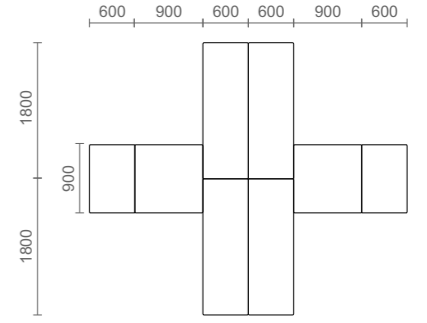

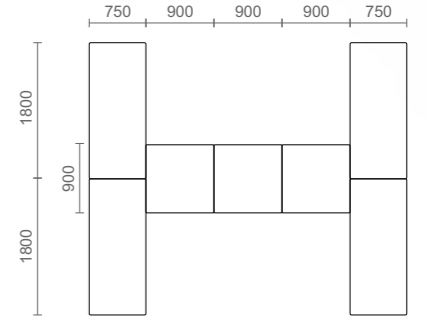

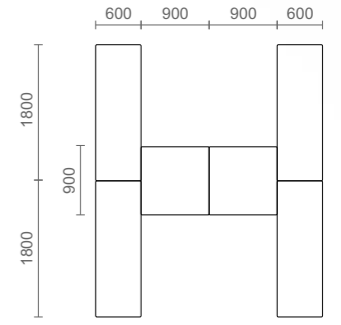

System 288 | Team of 2

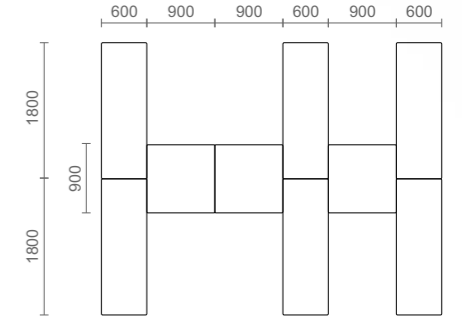

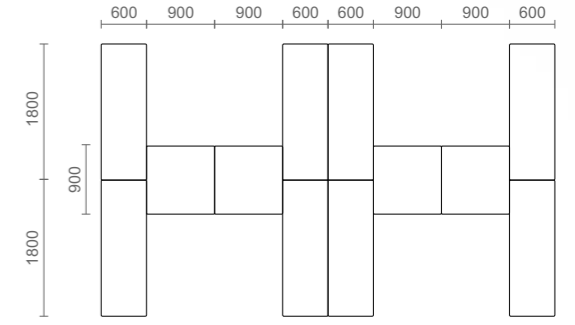

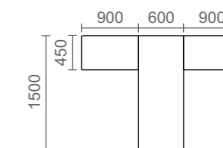

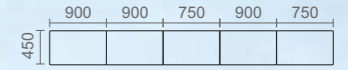

System 288 Features

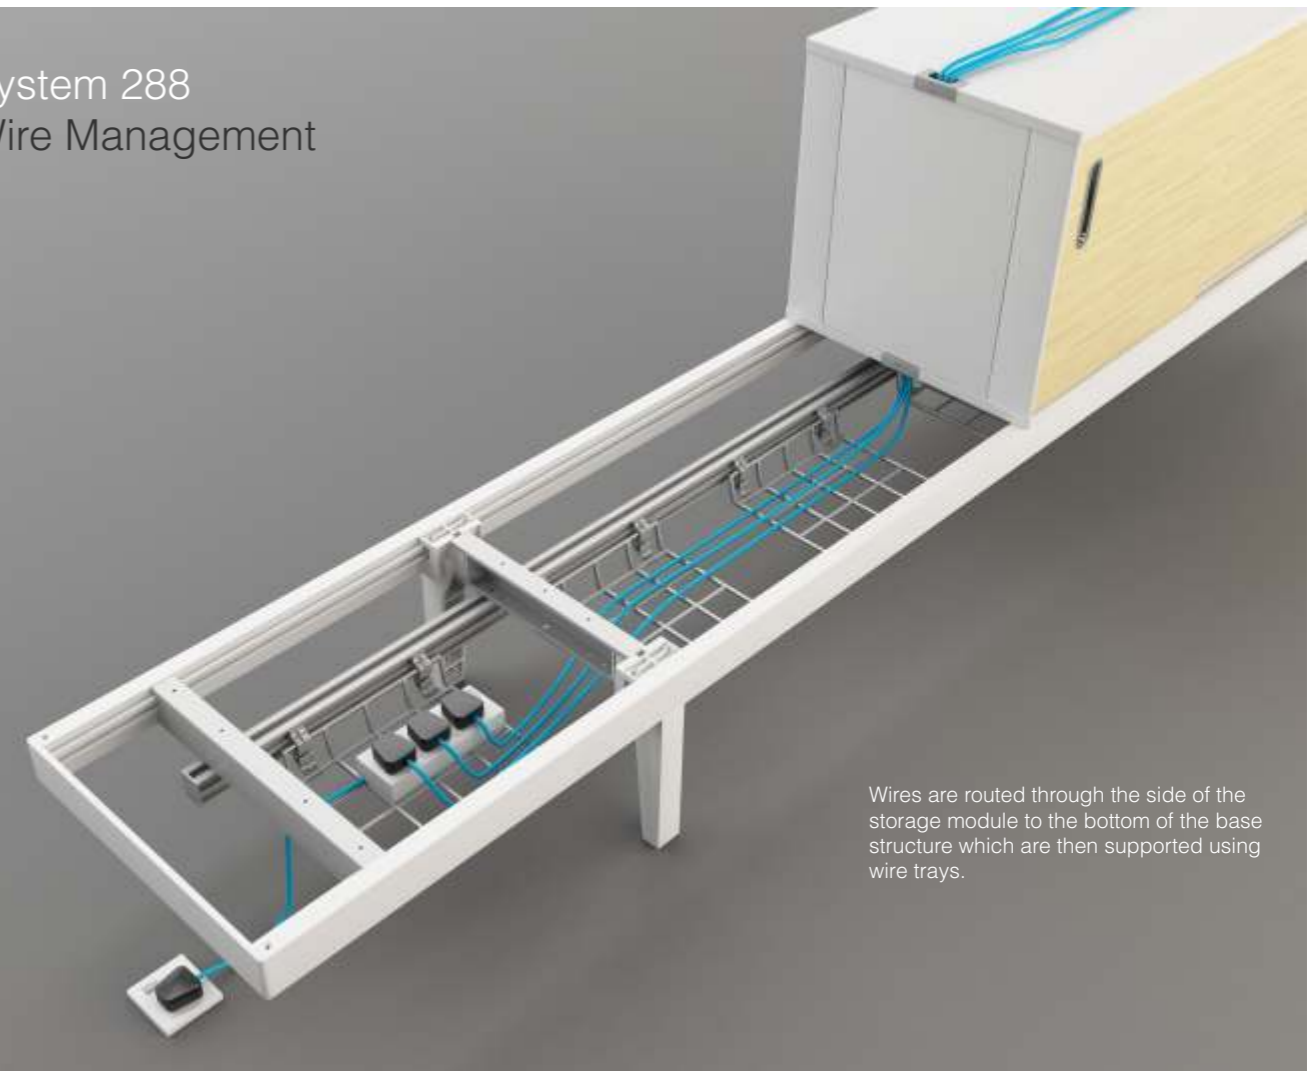

Flexible metal modesty panel that allows better privacy underneath the table top. Table tops are made of 18 mm High Pressure Laminate (HPL).

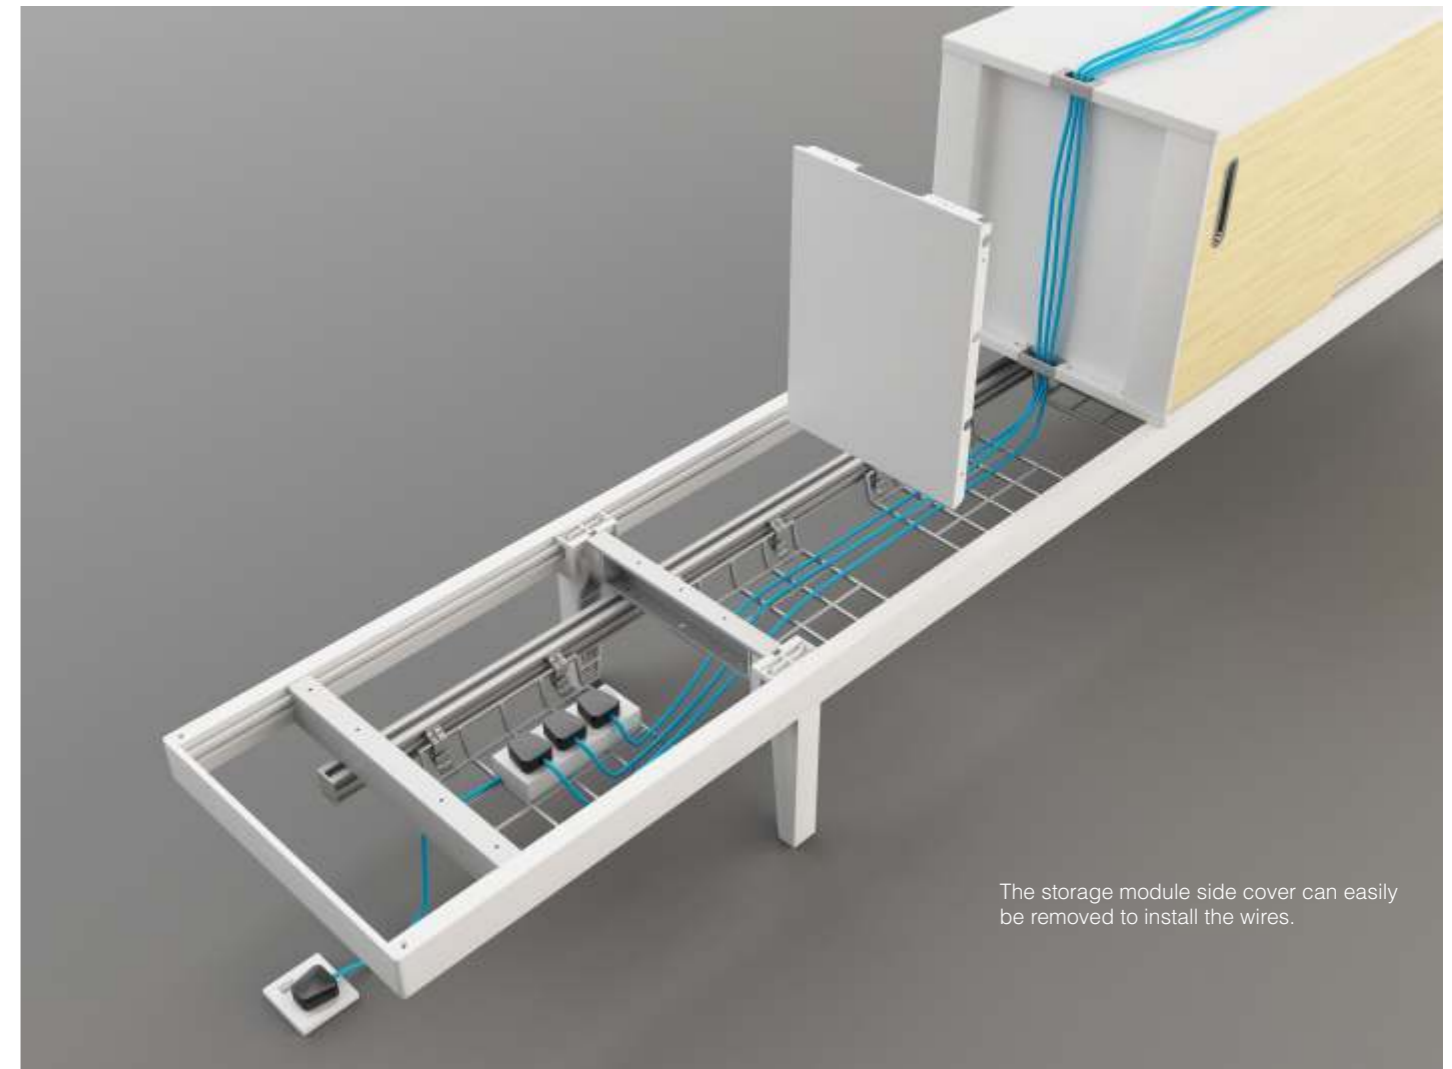

Turn the latch to lock and unlock the frame-base connector.

All the modules are integrated with frame-base connector that allows easy removal and installation on the base deck.

System 288 Wire Management

Wires are routed through the side of the storage module to the bottom of the base structure which are then supported using wire trays.

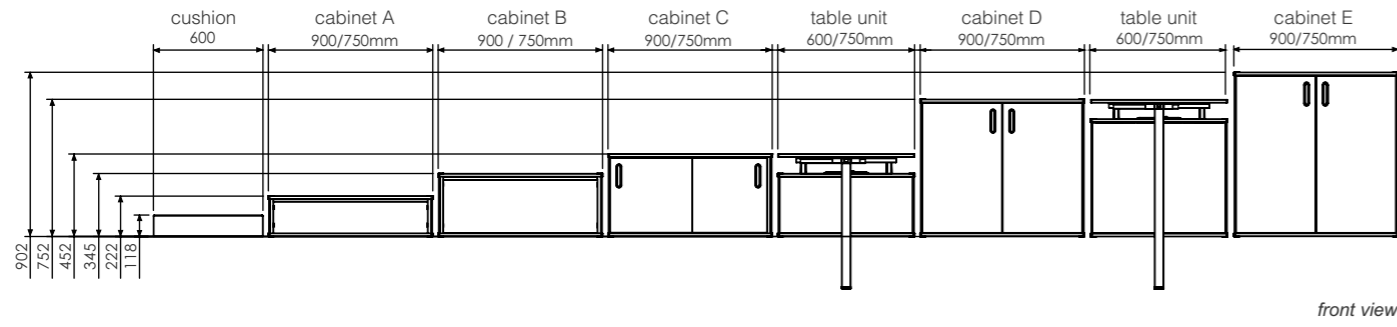

The storage module side cover can easily be removed to install the wires.
