COMO Waiting and Reception

Your eyes follow its contours. You cannot help but be thrilled by its sleek, scintillating form. You had to stop yourself from gawking. You want more. You drop your body on it only to be rewarded with comfort so sublime you could hardly believe this is possible. You know deep down that this is an extraordinary experience. You refuse to get up.

COMO. Waiting is now a pleasurable experience.

Precision engineered for sleek aesthetics. COMO RIB intertwine upholstered good looks with superb engineering to deliver uncompromising form and function. More than just about looking good, every consideration for comfort and compliance to public safety standards are thoroughly met.

Seats supported by steel V shaped struts take on a light, floated appearance. Twin steel rods with die cast aluminium leg provide exceptional structural integrity with minimal form. Arms are slender, almost delicate, yet designed to withstand great lateral impact.

## COMO RIB

We design for tomorrow.

Clarity and transparency for an ethereal form.  
With AIR™, a high performance woven nylon mesh, the entire structural  
frame work is visible. It makes perfect sense. COMO AIR™ is a showcase  
of perfect proportion, highly resolved form and details that should be  
seen and appreciated by all.

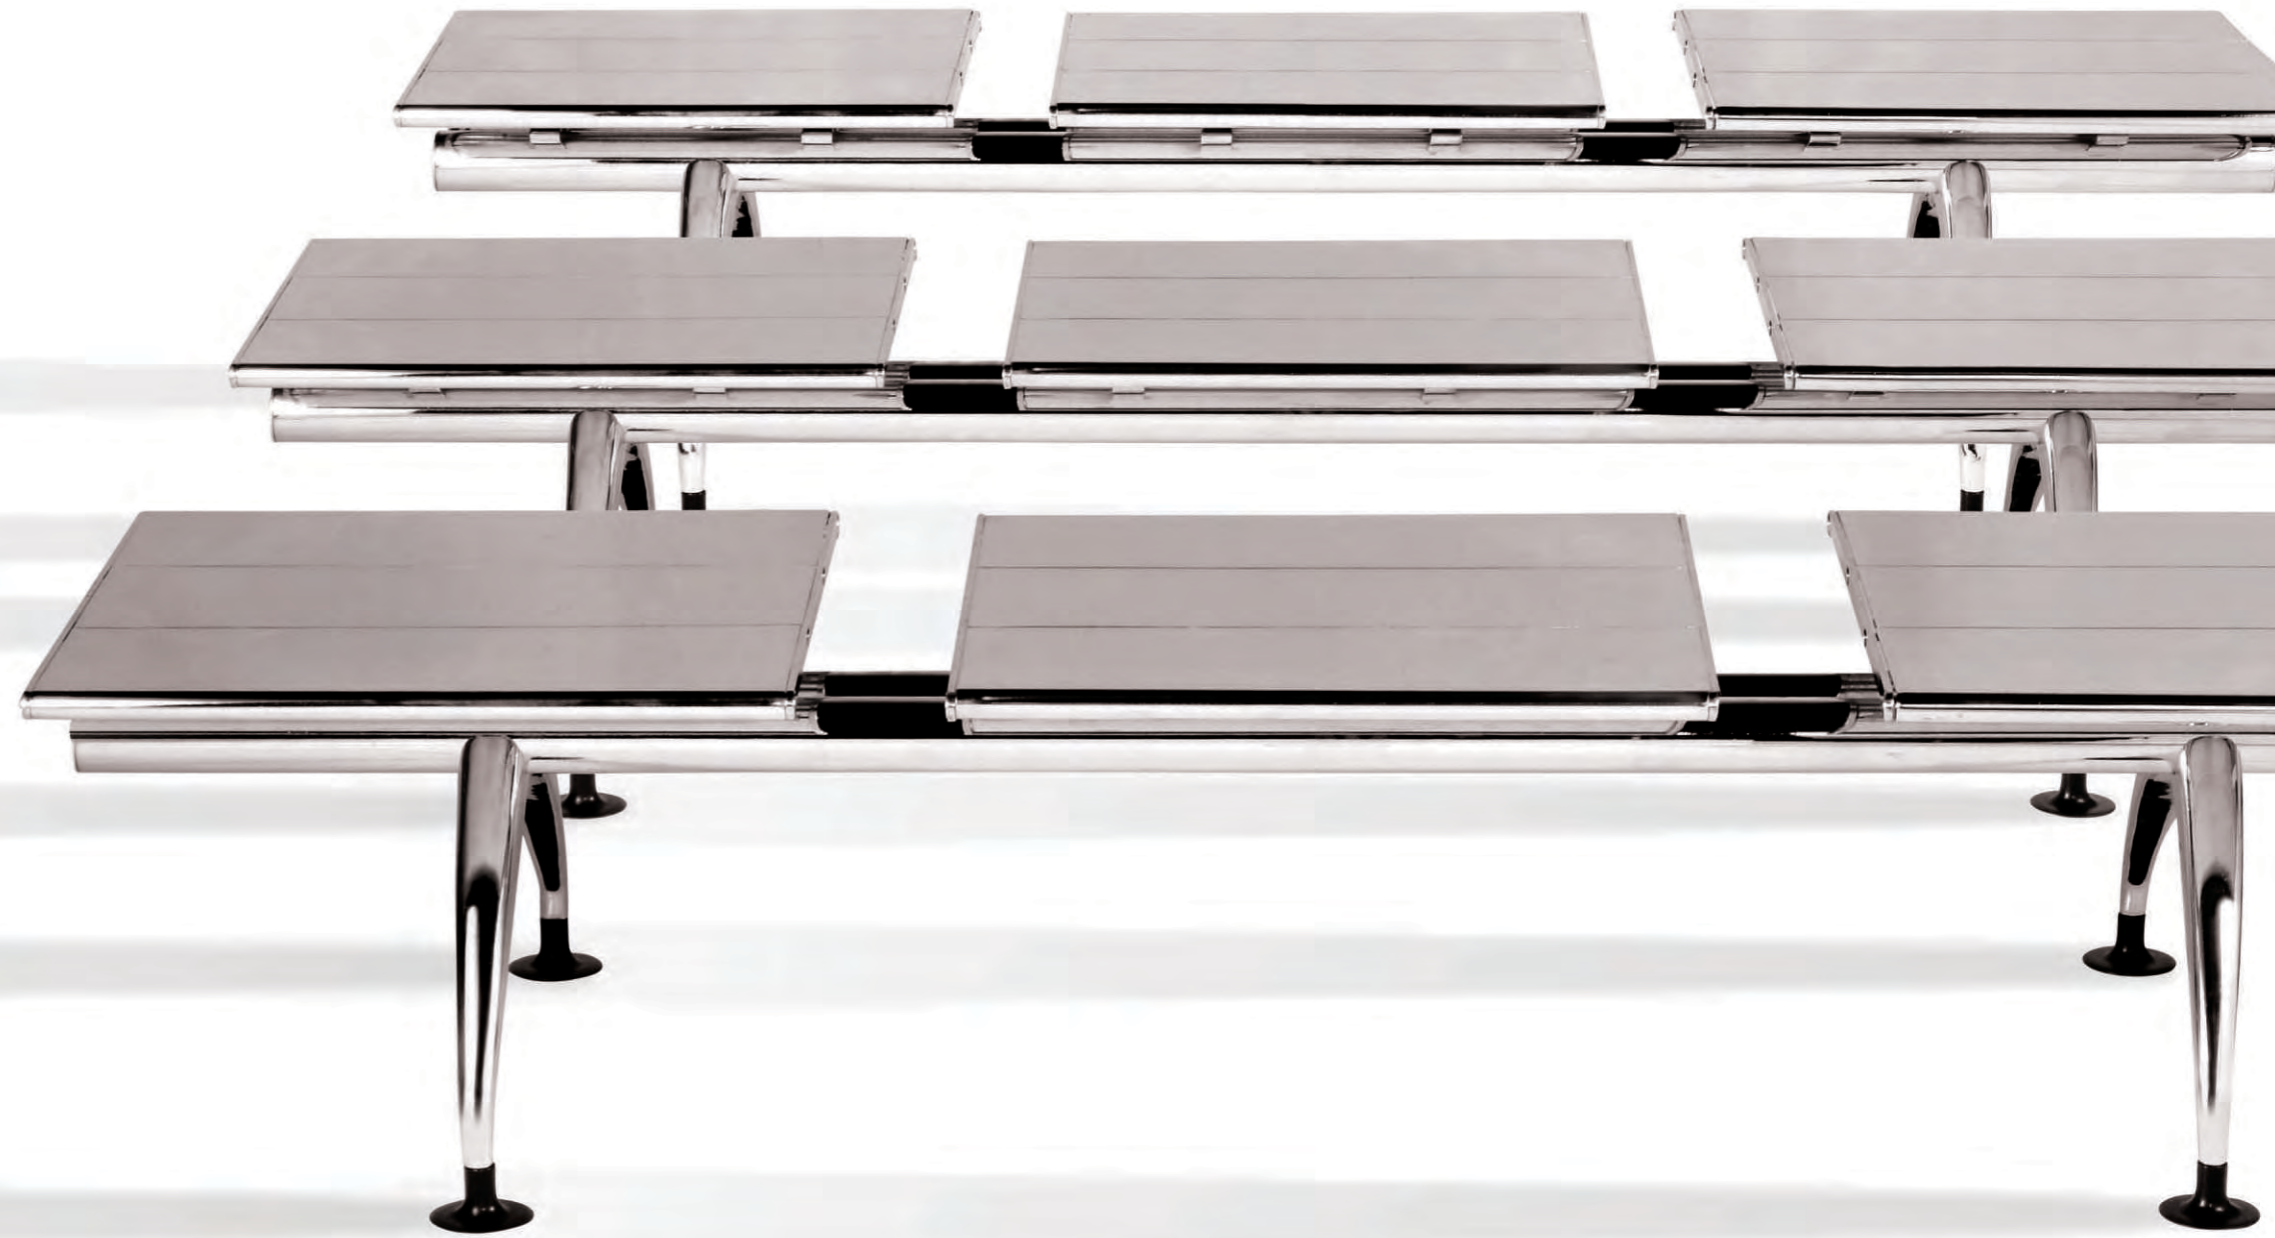

## COMO AIR™

Perch in style. COMOFACE™ provide the perfect seating solution for transit areas with short waiting times. Designed to consume minimum space for planning economy, COMOFACE™ has a clean line form that blends seamlessly with modern architecture.

A hybrid of COMO™ leg structure with seat structure created by linking extruded aluminium segments, COMOFACE™ deliver a dazzling array of finishes which include clear anodized, chromed, epoxy powder coated and leather or PVC flat upholstered options.

COMOFACE™

Perforated for perfect utility. In high traffic areas where maintenance and durability primary considerations, perforated steel remains a pragmatic and sensible choice. Perforated for visual interest and ventilation, COMO VENT is perfect for the public.

COMO VENT offer powder coated custom finishing options that allows for the opportunity for brand or corporate colour exposure in busy areas. Seat and back pads offer increased comfort and convenience of reupholstery.

## COMO VENT

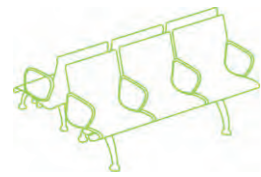

Pamper those who wait for you. Airport lounges, train or coach terminals, banking halls, customer service lobby, office reception or any transit areas. Wherever there is waiting, COMO takes the anxiety out of waiting and replaces it with a sense of style and finesse.

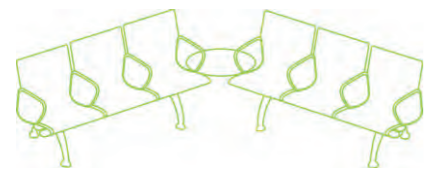

COMO. A memorable encounter with pleasure.
