Register on pCon.update

- ✓ Insert personal information
- ✓ Confirm e-mail address
- ✓ Select manufacturers
- ▶ **Select applications**
Download software

Please select the applications that you want to use. The recommended applications are preselected. Subsequently, all applications will be installed by pCon.update DataClient and will receive updates on a regular base.

 **pCon.basket**
License
pCon.basket is the software for quotation creation. It allows you to create and structure article lists, apply discounts and margin calculations, maintain project information and print offers.
[Further Information](#)

 **pCon.planner 7 MarketingEdition**
Free
With the ME Version of the room and interior design planner, you can create extensive 3D room plans and photorealistic renderings, as well as process your supplier's OFML data.
[Further Information](#)

 **pCon.planner 7 PRO (32-bit)**
License (free 30 days)
The PRO version of pCon.planner provides the widest range of planner functions. In addition to standard features, you can also work with OFML data from all of your suppliers and take advantage of various printing functions.
