

ERGO Keyboard support

Ergo

With the amount of time spent in the office using the computer, there is a significant rise of body strains especially the arm and wrist positions and body alignment. This is where the Bristol's keyboard support is designed to help meet your ergonomic and functionality needs. With its unique mechanism, Ergo allows exceptional height adjustment with multiple locking position to suit the movement and adjustability you need throughout the day.

LIFT & LOCK

The Lift & Lock features a variable height adjustment and tilt locking mechanism which allows instant locking positioning. A simple tilt and lift of the platform will release it from the locking position.

TECHNICAL DETAILS

Height adjustment of 171 mm.

Multiple locking positions.

Metal constructed platform and mechanism.

Metal in epoxy finish.

Polyurethane wrist rest.
