Fadz table

Discover its simplicity.
Entralled by its beauty.

Fadz.
Simplicity, functional.

Many people reckon meeting room as a battlefield. Others claimed that meeting always left them feeling all- drained because it turns out to be inevitably futile. Since the outcome of meeting is perpetually unpredictable, creating a congenial and peaceful environment will be the best way in boosting a new flow of energy to the meeting itself. Thus, promoting a more invigorating state of mind for everyone.

Hence, we are proud to introduce you our entrusted meeting's companion, Fadz.

If a circle or a square meeting table never seems to please you aesthetically, a pill shape table may be the best option for you. It is a timeless piece, its shape will not turn into a bore with time easily. It is optically light and crisp, therefore eliminating any unwanted stress during meeting.

Fadz. Greater expectations.

Rest your eyes upon it. It is visually intriguing and sturdy at its core. It embraces the quality of modernity and simplicity. It is our Fadz V- shape conference table that deserves your attention. Professionally and aesthetically designed for conferences and meetings. Fulfilling all aspects of your expectations and requirements towards the highest standards of modern office.

We at Bristol believe in teamwork. We believe that the best ideas can only be achieved when everyone around a table works as one and pulls together in creative harmony.

Our ellipse table connotes our belief. With its elegant minimalist lines, The Fadz ellipse table is guaranteed to be at one with the décor of your surrounding office, and at the same time stand out on its own as a simple yet sophisticated piece of furniture. Its gracefully designed curves are never too loud and distracting especially when you and your team are brainstorming hard for the best ideas and plans.

Fadz. An intriguing design.

Bizarre shapes and designs become a bore with time yet a simple and crisp design transcends all times. Fadz is always simple yet intriguing, unpretentious yet sophisticated. Besides, it can be used to serve different purposes. Whether they are discussion tables, meeting tables or executive desks, they can team up seamlessly to create a harmonious and soothing environment. It is a flexible new table system that meets the highest standards and requirements of any modern office.

Flat arm is available as an optional support for laminated worksurface.

Extendable in any direction: table tops linked along the short edges create a clearly defined seating order. Luxurious, leather-covered cantilevered chairs from the Team's series are coordinated with the light laminated table surface with dark edging.

The combination of Kleiber chairs and Fadz round table allows a dynamic method of interaction in a team environment.

Fadz. Simple interaction.

The experience of attending a talk or a seminar will give different impressions for different individual. In fact, a seminar could be either awe-inspiring or completely fruitless.

Regardless of the speaker and the topic of the particular seminar, environment and the participants are the decisive factors in contributing to the success or failure of the event.

Therefore, we have been entrusted in providing an appropriate solution for the seminar. As far as we concerned, Fadz is simple with charisma, it is never too loud to distract, it ameliorates our concentration. When everyone can stay alert and stay focused all the time throughout the whole seminar, the result can be optimum. This is the result produced by the interaction between human and furniture.

Fadz. Decision maker.

Sitting in front of an executive desk has never been a carefree duty. Try to envisage all those tasks and people waiting for your management, arrangement and decisions. Without a clear and calm mind, those tasks are hardly to be accomplished.

We vicariously understand your craving to have a hassle free management workplace. Therefore, our executive desk provides two unique features that include integrated wire management and flip-top power units. With these two features, those messy and tangling wires will be out of sight, and your worksurface will be well managed thus preparing you for a greater challenge which lying ahead.

The functional and design versatility of the integrated cable management modules provides the right solution to suit any demands.

Fadz. Form and Function.

Standard versions of Fadz comprise surface finishes in laminate and veneer. Edging profiles comes in flat, chamfered or reversed chamfered.

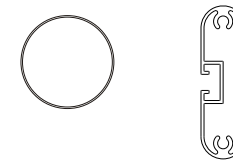

Base structures are optionally in the colour silver, anodized or bright-chromium plated. This allows finely tuned co-ordination with the ambience of the conference or executive interior - with existing seating or interior feature.

Fadz allows not only customized surface and edge finishes, formats and forms to suit your requirements, but may also be fitted with cable management capabilities: ranging from power and data supply outlet, cable holders and concealed cabling along the post structures. The result is customized solutions where technology is an integral part of the table configuration.

This product brochure shows you just a few of the wide variety of features and applications that we can offer you with Fadz. Whatever your decision, Fadz will provide you with table solutions of the highest degree in terms of design and function. We are looking forward to your challenge.
